5 JAN 1983

STAT

MEMORANDUM FOR: See Distribution

FROM:

Chief, Headquarters Engineering Branch,
RECD/OL

*EO/ODA
ADD4
DDA* STAT
7 JAN 1983

SUBJECT: Headquarters Power Outages

1. The General Services Administration (GSA) is conducting preventive maintenance on all 480V circuit breakers over the course of the next 60 days effective 5 January 1983. This maintenance will be done during the off hours of 2300-0630 with all outages contained to between 0500-0600 hours.

2. Outages will last from one to ten minutes and will mostly effect the building lighting system. For further information, contact Jack, Headquarters Engineering Branch (HEB)
